WHEEL ORDINANCE BEFORE COUNCIL

Discussion, Lasting Over Two Hours, Results in No Action.

BUCKLE'S MEASURE KILLED.

Substitute Offered-Treasurer on Water Scrip Fund-Robertson Contradicts Him-Other Business.

After a discussion lasting fully two hours and a half, Councilman Buckle's proposed bicycle ordinance, introduced several weeks ago, last evening received its death blow. Too many amendments was what did it. The amendments caused the discussion. Quite a few of them were adopted and a number were voted down. After the amendments had all been tacked on the author of the bill was scarcely able to recognize it. After the twentieth amendment had been offered Councilman Edgar Howe arose and moved to strike out the enacting clause of the ordinance. Seconds to the motion came from all parts of the council chamber. Then another discussion took place, resulting in the carrying of the motion by a vote of 8 to 4, Buckle, Cot-trell, Fernstrom and Thomas voting in the negative, Mr. Howe then offered a substitute

ordinance and more talk followed. Finally, upon motion of Cottrell, it was

laid over for one week.

Howe's ordinance is, in most respects the same as the one offered by Buckle. The chief distinctions are that the period during which specified walks could be ridden upon is from Novem-ber 1st to April 30th, and instead of all of South Temple, only the south side and the north side east of E street to be open during the period named.

WATER SCRIP FUND.

In response to a resolution adopted by the council calling for a statement regarding the water scrip account, City Treasurer Morris, in a lengthy com-munication addressed to the members, said the fund was established by him-self and auditor last July, the two having reached an agreement that that would be the best way of keeping this account correctly. Mr. Morris further stated that the method was adopted with the full knowledge and consent of the finance committee, including its chairman, Mr. Robertson.

Money received for water surip is

credited to this fund, and scrip re-deemed in water rates, is charged against the account. If the money re-maining in this fund was expended with the regular revenue of the city, it would be practically borrowing the amount of such outstanding scrip against the revenue of future years.

against the revenue of future years.

"If the money was turned into the general revenues it would practically be borrowing money against the revenues of future years," the communication read, Mr. Morris cited an opinion from the alternation read, that the effect that from the city attorney to the effe the water scrip is clearly a liability of the city and has to be taken into account in calculating the limit of in-

In closing, the trasurer referred to the finstructions given him by the Council not to open any more special funds without consulting with that body. "The machinery of the details of method which the treasurer shall adopt in order to the big county correctly." he said to keep his accounts correctly," he said, "and in conformity with the requirements of law, in so far as they are not prescribed by law are, I take it, matter for his own discretion

'I have always complied with the wishes of the Council in so far as I have learned them and I hope to be able to continue to do so, while at the same time adhering to the law and to correct methods of conducting the business of The treasurer suggested this office. The treasurer suggested that the instructions referred to be withdrawn. He also submitted a statement of the water scrip fund. It showed a balance of \$27,209.10, made up the appeal to the control of the water scrip fund. of \$15,416,38 taken from the special tax fund and a charge of \$11,792,82 against the waterworks department.
Upon motion of Robertson the com-

munication was referred to the finance

Before the subject was disposed of Mr. Robertson took the floor and entered an emphatic denial to that portion of the treasurer's letter stating that the fund had been established with the knowledge and approval of the chair man of the finance committee. The speaker had heard such a move was contemplated, and the remark he made at the time was that if a fund had to be created for the redemption of water schip, the proper thing would be to do away with water scrip altogether.

PREVALENCE OF "SMALLPOX." Health Commissioner King sent in a

communication calling attention to the pervalence of "smallpox" and the inefficiency of the present pesthouse mended that the old mill, about a mile this side of the present pesthouse, be fitted up for use as a detention hos-pital, believing that it could be fitted up at small expense and would be a permanent and suitable place for the The sanitary committee was instructed to report upon the probable cost of fitting up the mill.

Dr. King also recommended the construction of another garbage crematory. At present the garbage is hauled tory. At present the garbage is hauled to the city dump—an unsanitary meth-ed of disposing of it. The commissioner said that it would take ninety days to build a crematory, and that the work should be started in time to complete it before spring. Referred to sanitary

HIS POSITION IN MATTER.

After the reading of the minutes Councilman Canning rose to a question of personal privilege and said he wanted to prove that his position in the Pioneer square matter, with respect to the action of certain councilmen from the Second precinct, was correct. Canning had fairly proceeded when he was in-terrupted by Cottrell, who raised a point of order. The chair ruled the point not well taken. An appeal was taken and the chair sustained by a vote of 6 to 4. Canning was deof 6 to 4. Canning was desirous of proving, by excerpts from the daily papers, that at the Second precinct convention held October 12th, 1899, before nominations for city councilmen began, A. S. Reiser intro-duced a resolution to the effect that it was the sense of the convention that Pioneer square should be maintained as a public park, and pledging the nomi-nees of the convention to ask for appropriations from time to time, as cessary, to maintain the park.

The resolution the papers said, passed Cottrell and Robertson, who opposed Canning, being given the privilege of the floor, said the member from the Second could be heard when the mat-ter of donating the square came up

The arrival of "the divine Sarah" and "the great Coquelin" on America's shores, is an event of unusual importance. Mme. Bernhardt says this is to be her farewell tour in this country, but that is what the foreign stars always say. She is accompanied by a retinue of personal servants and a carload of wearing apparel

tress that is prevailing among some of the poor of Salt Lake, growing out of the present controversy between the the present controversy between the city and county authorities as to which shall pay the expenses of burying the indigent dead. The case of Patrick J. Mahon, an old soldier, who died October 13 last, leaving a widow in destitute circumstances and no funds for his burial, was cited. Through the action of the attending physician, it was stated, Undertaker Jos. W. Taylor buried the old gentleman. Mr. Taylor's bill amounted to \$45, of which amount the G. A. R. paid out of its funds \$33, leaving an unpaid balance of \$15. Petition cited subdivision 79, section 206 of the Revised Statutes, which, he said, conferred authority upon the Council to bury the indigent dead, and to pay the expenses thereof. Referred to committee on municipal laws.

DON'T LIKE THE WATER.

The Sait Lake Brewing company, by Jacob Moritz, general manager, asked that it be given pure water instead of the unclean water now being conveyed o the brewery from Parley's canyon Recently a change was made in the city water system, by which the brewery was connected with Parley's creek, which, petitioner said, was unfit for use in its business. If the condition continues, petitioner says, it will result in a great loss to its business, it hav-ing already been compelled to neglect and forego certain features of its business. Petitioner further stated that it was the principle of the country to "foster home industries," and claimed the brewery was the largest manufacturing institution in the State. petition was referred to the waterworks

THE CONDUIT CASE.

The law firm of Richards & Varian presented the bill for \$567.50, on account of services rendered the municipality for briefing and arguing the case of Sait Lake City against Joseph H. Smith et al, in the United States circuit court of appeals, and for expenses of attending court at St. Paul. The bill was ap-proved by City Attorney Frank B. Stephens, and the amount was ordered placed upon the appropriation list.

TO LEASE CITY LAND

C. E. Pace petitioned the Council to lease him about 944 acres of land be-longing to the city, situated in Dry Canyon, to be used for grazing purposes. Petitioner offered \$150 for the use of the land from December ist next until May 31st, 1901, and said he would have men continually with the stock so that the animals would not trespass or any of the city water sheds. Referred to committee on public grounds, with the city attorney associated.

PARK POLICEMAN REMOVED.

Chief Hilton sent in a communication removing Edgar S. Urry as park policeman, on the ground that his services were no longer required. The chief wanted the matter referred to the police committee for investigation, but it was shown that to refer to a committee meant an additional expense to the city, as Mr. Urry was receiving \$80 a month salary. The action of the chief was confirmed, Thomas and Buckle voting

MISCELLANEOUS MATTERS.

The Portland Cement company asked the privilege of laying a 2-inch private pipe line to its plant from the water mains. Granted, upon motion of Councilman C. R. Howe.

The bond form, with an added amend-ment that the auditor instead of the recorder should certify that the bonds were within the limit of indebtedness, was adopted.

A recommendation from the city attorney that the water bonds be printed so as to be ready for issuance as soon so as to be ready for issuance as soon as Mr. O'Meara's restraining order was dissolved, was referred to the finance

The appropriation list included an item of \$7,711.34 for the Excelsior Wooden-Stave Pipe company, upon its last estimate for the reservoir, and about \$16,000 was appropriated on Moran's

TENNIS CHAMPIONS PLAY.

Eustice H. Miles of England Defeats Robert Moore of New York.

He Scored Tweive Points to His Opponent's Eight - Scoring Was Very Low-Football News.

Philadelphia, Pa., Nov. 21,-Three squash racquette courts were opened last night by the Cricket club at Haverford with a match between Eustice H. Miles of England, the amateur court tennis champion of the world, and Robert Moore, professional of the Tuxedo club, New York. The courts in which the match was played is 18 feet wide, 30 feet long and 18 feet in height, and in consequence necessitated rapid play. As a result the volleying was incessant and the scoring so slow that the expiration of twenty minutes, the time limit agreed upon, Miles had scored twelve points and Moore eight. The former TRIAL OF JESSIE MORRISON was therefore declared the winner.

Previous to the Miles-Moore contest. Albert Ellis, of the Philadelphia Racquette club, played Moore a match, limted to a period of twenty minutes, and was defeated by a score of 15-6 and 6-3, the latter being the score of the second game when time was called. C J. Hickeney of the Philadelphia Rac quette club, officiated as referee and

Good Practice Last Night.

The Y. M. C. A. team put in nearly three hours of hard practice in the gymnasium last night. Dunn worked at the position of quarterback and showed up well. Wise, the new man, did good work at guard, and it is practically settled that he will be a fixture on the team. The team will practice every day until Saturday, when the game with the University takes place.

Preparing for New Year's.

Preparations are now under way for New Year's program of athletics, to e given in the gymnasium of the Y.

Fonight Physical Director J. A. Augustus, of the association, will organize a special class, and will select the very best athletes in the gymnasium. To break all indoor records made this year is the object Mr. Augustus has in view, and he intends to keep the men constantly at work. constantly at work.

Charged With Cutting the Throat of Mrs. Olin Castle.

Eldorado, Kas., Nov. 21.-Miss Jessie Morrison, charged with killing Mrs. Olin Castle last June by cutting her throat with a razor, was placed on trial here today. The case is one of the most remarkable in the history of Kansas crimes. Miss Morrison's aleged motive for the murder was jealousy, she having been a former st 'racket' store.

Miss Morrison, who is twenty-six years old, is the daughter of former probate Judge M. H. Morrison, and the family has been prominent in Eldorado society for years. Mrs. Castle, who was a Miss Mary Wiley, was the same age as her alleged murderer, and her family

A short time before Castle's marriage to Miss Wiley, Miss Morrison, who had formerly clerked in the same store with im, is said to have threatened Castle One afternoon a few weeks after the wedding, neighbors, attracted by Mrs. Castle's screams, broke into her house. They found her lying in a pool of blood from several ugly gashes in her throat and with Miss Morrison, razor in hand, standing over the prostrate woman. Miss Morrison was, too, bleeding from

Mrs. Castle lived for eighteen days. Before she died she made a statement declaring that Miss Morrison had attacked her without provocation, and sent word forgiving her. The prosecuion will contend that the defendant deliberately planned the murder, going to the Castle home armed with a razor purchased for the purpose, and that af-

ter accomplishing her mission she turned the blade upon herself.

Miss Morrison will plead self defense with her side of the story which is that Mrs. Castle called her into the house and after starting a quarrel, attacked her with a razer, which she took from a bureau drawer in the room. In the struggle that followed, Miss Morrison declared she wrenched the weapon from her adversary after receiving several cuts, and in defending herself inflicted several slashes in the victim's throat.
At the preliminary hearing last summer, Miss Morrison was held without bail. Much of her time in jail since

then has been spent in reading the The trihl will doubtles become a legal battle as eminent attorneys have been engaged on both sides. The defense won a point recently when it secured a copy of Mrs. Castle's dying statement, which was refused them at the prelimi-

nary hearing. Olin Castle, the man in the case, is younger than either of the women con-

PUNISHMENT OF CHINESE. Full Text of Imperial Decree Declaring What It Is.

Washington, Nov. 20.—The Japanese legation has received from the foreign office at Tokio the text of the Chinese imperial edict, dated the 13th Inst., on the punishment of the anti-foreign offi-cials. It is to the following effect:

the punishment of the officials responsible for opening hostilities upon friendly powers and bringing the country into the present critical condition by neglecting to suppress and even by encour-aging the Boxers. But as Pekin and its neighborhood have not yet been entirely cleared of the Boxers, the innocent people are still suffering terribly through the devastation of their fields and the estruction of their houses, a state of affairs which cannot fail to fill one with the bitterest feelings against these officials. And if they are not severely punished, how can the anger of the people be appeased and the indignation of the

foreign powers allayed? "Accordingly, Prince Tuan is hereby deprived of his title and rank, and shall,

when the accompanied by mucous patches in the mouth, eruptions on the skin, sore throat, copper colored, splotches. colored splotche swollen glands, aching muscles and bones, the disease is making rapid headway, and far worse symptoms will follow unless the blood is promptly and effectually cleansed of this violent desired.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

when they shall be banished to Sheng King to be imprisoned for life. Princes Yi and Tsai Yung, who have both been already deprived of their titles, are also to be delivered to the Clan court for im-prisonment, while Prince Tsai Iden, also already deprived of title and rank, is to be kept confined in his house Duke Tsai-Lan shall forfeit his duca salary, but may be transferred with the degradation of one rank. Chief Censor Ying Nien shall be degraded two ranks and transferred.

'As to Kang Yi, minister of the board of civil appointment, upon his return from the commission on which he had been sent for the purpose of making in-quiries into the Boxer affair, he memorialized the throne in an audience strongly to their favor. He should have been severely punished but for his death from iliness, and all penalties are

accordingly remitted.
"Chao Shuy-Yao, minister of the board of punishment, who had been sent on a mission similar to that of Kang Yi, returned almost immediately. Though such conduct was a flagrant neglect of his duties, still he did not nake a distorted report to the throne, and therefore he shall be deprived of ent office. Finally Yu Hslen, ex-gov-ernor of Shan Si, allowed, while in of-fice, the Boxers freely to massacre the istian missionaries and converts. For this he deserves the severest pun-ishment, and therefore he is to be banished to the furthermost province of the country, there to be kept at hard labor

We have a full knowledge of present trouble from the very beginning and therefore though no impeachment had been brought by Chinese officials at home or abroad, against Princes Yi, Tsa-Lien and Tsai Yung, we order them be punished in the same manner as those who have been impeached. All who see this edict will thus perceive our justice and impartiality in inflicting condign penalties on these officials."

Playwyight C. H. Hoyt Dead.

Charleston, N. H., Nov. 20.-Charles H. Hoyt, the well known playwright, died at his home here tonight of paresis, from which he had been suffering

for several months past.

The death of Charles Hale Hoyt is marked with a pathos in marked contrast to the rolicking character of the plays that made him famous. The closing chapter of his life began with the death of his second wife, the beautiful 'aroline Miskel Hoyt, a couple of years or more ago. He sought forgetfulness n a mad career of dissipation, which brought about his physical and mental collapse, resulting last August in his being committed to an asylum, and now

Mr. Hoyt was born at Concord, N. H., July 26, 1860. As an editorial and ramatic writer on the Boston Post his bright paragraphs attracted attention His pen has since been responsible for "A Bunch of Keys," "A Rag Baby," "A Tin Soldler," "A Hole in the Ground,"
"A Midnight Bell," "A Brass Monkey,"
"A Texas Steer," "A Parlor Match," "A
Temperance Town," "A Black Sheep," "A Contented Woman," "A Milk White Flag," "A Trip to Chinatown," "A Stranger in New York," "A Day and a Night," and "A Dog in the Manger."
He was a successful theatrical manager and figured in politics enough to be twice elected to the New Hampshire legislature and to be a Democratic can-

didate for speaker. His first wife was Flora Walsh, who starred in his plays and died not long after their marriage. "A Contented Woman" was written for his second wife, Caroline Miskel Hoyt,

Heavy Snow in Colorado.

Denver, Colo., Nov. 21 .- A heavy snow and wind storm has been continuous on the western slope in Colorado for the past three days. The warm air melted the snow very fast and slides have occurred, doing considerable damage. Railroad traffic is being interrupted and work in the mines in certain sections has stopped be-cause of the inability to transport supolies. North of Glenwood Springs very gradually extending southward. Light falls of snow are reported from several places on the eastern side of the range.

Havana Customs Business.

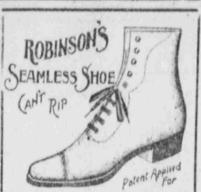

New York, Nov. 21.-The division of customs and insular affairs, war department, makes public a statement of transactions at the Havana custom house during the month of October, 1900. The total amount of duties liquidated at the port during the month was \$1,051,045. A total of 5,272 passengers landed at Havana from points outside of the island, 4,077 of whom were from Spain.
